

# RYE CITY SCHOOL DISTRICT FOOD SERVICE PROGRAM

## PayPAMS

---

One of many technological improvements is called PayPAMs (Pay Parent Account Management System). It is now ready for parent interaction. This service will give parents, via the internet, the ability to view their child's lunch account balance, allow for the ability to make online payments to the lunch account with a credit card, and view what purchases their child has made. The enclosed pamphlet will assist you in setting up your PayPAMs account. To access the website for this service, visit PayPAMs at [www.paypams.com](http://www.paypams.com). If you prefer not to make online payments, the service is still available for you to view balances and past purchases. There is a charge when deposits are made to a child's account; the fee is \$1.95 per deposit regardless of the amount. Whether a deposit of \$30 or \$100 is made, the fee is consistently \$1.95 per deposit. The program can also send automatic reminders to your e-mail address that the meal account needs to be replenished.

We are expecting that many parents will use the service to check balances and replenish their child's meal account. This service allows parents the opportunity help guide their children into more individualized family-accepted eating choices as they view their children's purchasing habits. If you experience any difficulty in accessing the account of your child, please call my office at (914) 967-6100, ext 1970 and my staff and I will be happy to help you.
